MESSAGE FROM THE FOUNDER

Dear Partners,

International logistics is not just moving goods between countries — it is building trust and partnerships that last.

After twenty years in international trade, I founded FIDAX PRIME AXIS LOGISTICS on a simple purpose: reliable, transparent solutions tailored to every client.

COMPANY OVERVIEW

Who We Are

FIDAX PRIME AXIS LOGISTICS is an international freight forwarding and logistics company delivering reliable, efficient, and cost-effective transportation solutions across global markets.

Since 2019, FidAx has supported importers, exporters, manufacturers, and trading companies through customized logistics services — building the operational foundation for a broader European expansion.
